

Sensitive Issues

Parent/Guardian Permission Request

Boys to Men of God Fellowship is a private, safe space where males (ages 13+) from various backgrounds and walks of life can learn how to navigate through some of life's most challenging situations. Using personal experiences, stories and testimonials we will teach, share, learn and grow to become the godly men we were created to be.

Due to the necessity of transparency, vulnerability, unadulterated truth and uncomfortable honesty that will accompany the sensitive subject matter, parental consent is needed for minors.

Written approval by a parent/guardian is required for each youth under the age of 17 to participate in this sensitive issue program. As a legal guardian, you must give your permission for your minor to participate in the following meetings:
